Dassault Systemes (3DPLM Software Solutions), Pune
NOV 2013 - OCT 2016

Product : CATIA (CAD Domain)

Responsibilities: Design, create and maintain automation infra for the entire product. Providing KT, support to application automation testers to use it to automate scenarios.

Framework 1 : Key player, Initiator, in design and development of library Architecture FW in java. It can control Web and Native objects in a single scenario. Ability to handle canvas elements through Sikuli. Ability to handle iframes. Single FW to automate web as well as desktop apps. Modified and enhanced Sikuli IDE for easy and fast recording of test cases.

Framework 2: Page object model (used for 2 applications)

SKILLS

Java
Spring Boot
Microservices
AWS

TECHNOLOGIES

Github
Jira
Maven
OpenAPI and Swagger
Postman

AWARDS

Twice Star performer of the year this award is given to best performing almost 20 persons among 2100 employees.

OTHER ACHIEVEMENTS

GATE 2013 : 32.33 Marks
GATE 2014 : 33.28 Marks

Framework 3: Keyword driven with Object Repository (used for 1 application)

Tools: Sikuli, Selenium, JNA, AutoIT, unittest, Selenium, Sikuli, TestNG, Maven, Selenium, Sikuli, Log4j

Exposure to Google Cloud Platform, Git, SVN Subversion

REST API testing with Postman

Jenkins : Build CI and CD pipeline. Deploying Angular App, Java App with WAR as well as JAR packaging. Deploying same apps with Docker

PERSONAL SKILLS

Explorer, I bring solutions

Quick learner

'I CAN' ability

Creative and innovative

Languages: English, Marathi, Hindi, Kannada

DOB: 08 FEB 1992

EDUCATION

Orchid College of Engineering, Solapur — *Mechanical Engg.*

2010 - 2013

Persuaded bachelor's degree with 67.9 engg. aggregate

Govt. Polytechnic, Solapur — *Mechanical Engg.*

2007 - 2010

Persuaded diploma with 79 aggregate.

SSC, Pune Board

2007
